

Thio-S-Kal

LIQUID POTASSIUM THIOSULFATE FERTILIZER

Thio-S-Kal is a clear liquid Potassium and Sulfur fertilizer composed exclusively by Potassium Thiosulfate. It covers the high needs in potassium that most crops have during the stages of rapid growth and fruit sizing. **Thio-S-Kal** offers an ideal combination of Potassium-Sulfur in a readily assimilable form which contributes to the creation of highly productive plants with high yields and excellent crop quality.

STANDARD ANALYSIS

- Total Potassium (K₂O) 25%
- Total Sulfur (S) 17%

CROPS

- Trees
- Vineyards
- Vegetables-Horticulture
- Row crops
- Cotton
- Corn
- Clover-Alfalfa
- Peas-Lentils
- Potatoes
- Cereals
- Tomatoes

PROPERTIES

- Offers an excellent, ease to handle and economic source of Potassium-Sulfur.
- Sulfur offers high yields and quality in the harvest.
- Potassium contributes to the cell divisions and is involved in the formation of proteins and carbohydrates.
- Increases the yield and the quality of the crops.
- Improves fruit coloring.
- Unlocks trace elements that are bound in the soil.
- Enhances the resistance of the crops against various stress factors.
- Does not contain chlorine.
